Thank you for Your Participation!

Resource Materials

The following materials are useful background information on Developing and Operating Supportive Housing.

1. Oregon's 10 year Plan to End Homelessness:

http://www.ehac.oregon.gov/OHCS/EHAC/docs/EHAC_Action_Plan_Final.pdf

2. Kris Smock, Housing Development Center, and the Corporation for Supportive Housing (CSH) developed a "Supportive Housing Toolkit" for the City of Portland. While specific to Portland housing policies and Portland Development Commission programs, the majority of the information is applicable in any community. The material website is located at: <http://www.portlandonline.com/phb/index.cfm?c=43440>

3. CSH has also developed similar set of resources specifically for small Towns and suburban areas—"The Small Towns Toolkit". These can be found at

<http://www.csh.org/index.cfm?fuseaction=page.viewPage&PageID=3717>

4. A Corporation for Supportive Housing advanced study titled "The Seven Dimensions of Quality for Supportive Housing."

<http://documents.csh.org/documents/Quality/SevenDimensionsQualityIndicatorsWEBFINAL.pdf>
